# Your Quick Guide

PVC-u Windows and Doors

## Traditional PVC-u Range

Smooth contours and stunning features; this elegant range of doors and windows complements any shape or size of property. Combining the traditional look with the latest technology, its symmetrical design gives a property perfect balance and harmony.

### Key Features

- Smooth and stylish simplicity
- Double and triple glazed solutions available
- A+ Window Energy Rating
- Any colour available

## Heritage PVC-u Range

Our Heritage range of windows and doors combine the elegance and style of traditional timber with all the benefits of PVC-U. This range is ideal for period properties and those who want to add or restore character to their homes. Its unique, unrivalled, aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

### Key Features

- Ideal for period properties
- Double and triple glazed solutions available
- A Window Energy Rating
- Any colour available

## Heritage Flush Sash Range

Our heritage flush sash window looks great in any surrounding; modern townhouse or country cottage, its subtle charm and elegance transforms the building like no other. It's our most periodic PVC window; it transforms old and new properties from modern townhouses to country cottages.

### Key Features

- Smooth and stylish simplicity
- Can be fully welded or mechanically jointed for a more traditional appearance
- A+ Window Energy Rating
- Any colour available

## PVC-u French Doors

French Doors are a timeless classic. Featuring a classic design our French doors can be combined with side panels to create a solution to suit your home. The extensive opening allows for a practical entry into your garden or patio. French doors will be a charming addition to any home or conservatory.

### Key Features

- Available in both the traditional and heritage profile system
- Double and triple glazed solutions available
- Lever / lever handle as standard

## PVC-u Sliding Patio Doors

The design of our PVC-u Patio Doors means robust long-life weather performance and minimal maintenance. The doors are security tested, PAS24 compliant and as standard the doors come with top of the range Yale locking hardware. Your new PVC-u Doors are available in a woodgrain or smooth finish in virtually any colour.

### Key Features

- A+ Energy Rating
- PAS24 Security Tested
- Low threshold available for easy access
- Suites with our Heritage Window Range

## Glass to suit your home

Whatever the age of your property the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. Were the original windows leaded perhaps, or did they have Georgian bars?

*Square leaded*

*Diamond leaded*

*Uneven sightlines  
Dummy sash available*

*Georgian Bars  
Internal and external available*

# Unrivalled all-weather protection

Our window and door products are certified to the latest security standards and are compatible with all standard security hardware.

Our use of cutting-edge technology and the latest materials is constantly expanding. Take our latest high performance weatherseal as an example, incorporating:

- Tightly welded corner seals and low sightlines ensuring a perfect finish
- Tubular construction results in soft closing and an outstanding weather seal memory
- Weatherseal colours that blend perfectly with the window and door finishes
- Large contact surface area generating great insulation & sound proofing properties

## Colour Options

We have a wide range of subtle and standout colours to choose from for our PVC-u range of windows and doors. You can choose any combination – a traditional White Grain or smooth white inside, and a warm Dark Red wood finish outside. You can have the same colour inside and out, or combine two complementary foils such as Chartwell Green inside and Fir Green outside. Let your imagination run free!
