Decorative glass has been used through the ages to imbue windows and doors with beauty, style and elegance. This ancient yet timeless craft has enjoyed a revival over the last 20 years as modern home owners have discovered its ability to add character, charm and originality to their PVC doors and windows.

As you browse through our catalogue, you will discover page after page of beautiful design options to suit a broad range of homes and tastes. Whether you live in a modern town house, a traditional suburban home or a country cottage, you'll find a host of stunning styles designed to enhance your home with its own unique personality.

Harnessing leading-edge technology with traditional craftsmanship

As leaders in the decorative glass market, RegaLead has been at the forefront of innovative design and superior craftsmanship for the last 25 years. All the designs in this catalogue are manufactured using a decorative glass technique known as 'Overlay', a method whereby all the materials are applied to the outer leaf of the insulated glass unit.

This creates a truly modern version of leaded glass, which features greater strength and thermal insulation qualities than traditional stained glass. The end result - high performance decorative glass that retains the vibrancy, depth and timeless beauty of traditional stained glass.

The Overlay materials are rigorously tested to prove their suitability for use in modern windows and doors in all climatic conditions from the cold of the Russian winter to the heat of the Australian summer. These materials have proven themselves over 25 years of use in the decorative glass market worldwide to produce outstanding performance and durability. And with a 10 year warranty, you can be confident of enjoying your decorative glass for the lifetime of your windows.

Design Options

Explore our extensive portfolio of designs, ranging from traditional motifs with timeless appeal, to contemporary styles which make a remarkably modern design statement. Let yourself go, get creative and discover the design style that reflects your personality with flair and imagination. Our stunning ranges of decorative glass fall into three distinct categories:

Colour Designs

Using a beautiful combination of lead profiles and coloured glass effect films, we can create designs that will infuse your home with a palette of delicate colour. Create a charming focus in your conservatory or add your own distinctive character to your doors and windows.

Bevelled Glass

Our elegant range incorporates 5mm glass multi-faceted pieces, clusters and shapes which refract and reflect light to create a constant interplay of movement. Choose from clear or coloured bevelled glass designs to create windows and doors of distinction.

Fusion Elements

Traditional stained glass meets modern design in this modern twist. These glass elements are handmade by fusing molten coloured glass together, creating an eye-catching feature. With an extensive spectrum of sumptuous colours to choose from, we can create designs to suit your style.

Bespoke Designs

If it's possible, we'll do it. Each design in this catalogue can be customised with a range of coloured lead profiles, a wide selection of coloured effect films and fused glass tiles. Due to the supremely flexible manufacturing systems we employ, it is also possible to alter the sizes of most designs to create a perfect match with your windows and doors. Our designers use specialised software to ensure that each design is perfectly proportioned before the manufacturing process of your bespoke design takes place.

New for Old

Yesterday's Design with Today's Performance

Over the years, many customers have asked us to replace original lead lights with modern 'overlay' designs. Working with sensitivity and incredible skill, our craftsmen have the ability to restore your original window to its former glory. With an extensive range of colours, textures and glass shapes at our disposal, we can create identical overlays to blend harmoniously with your existing stained glass windows or to create accurate replacements.

Coloured Toplights

The height of understated elegance. Inspired by nature, these beautiful toplights can be used to great effect to enhance your conservatory or windows. Choose from an attractive array of floral or traditional motifs to imbue your windows with a subtle, yet striking refinement.

Each design is delicately traced with refined lead work to draw the eye and create a charming focal point within your home.
