HERITAGE WINDOW COLLECTION

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our PVC-U storm and flush sash windows and doors strike the perfect balance between energy efficiency, security and comfortable living.

SO WHICH IS THE RIGHT FIT FOR YOUR HOME?

F

FLUSH SASH

Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

S

STORM SASH

Stormproof windows feature outward opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

what makes our windows so unique?

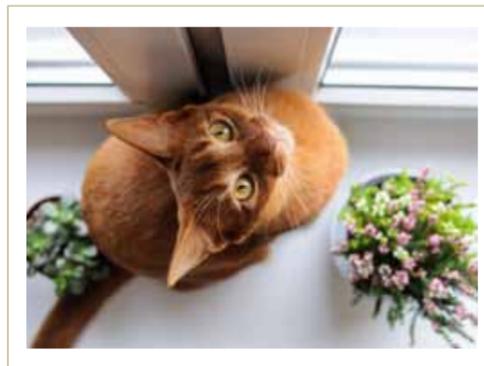

HERITAGE WINDOW COLLECTION

BY DECEUNINCK

STYLE

The Heritage Window and Door Collection combines elegance and styling of traditional timber windows with all the benefits of PVC. They are virtually maintenance free and keep the warmth in and unwelcome visitors out. The collection is ideal for period properties and for those who want to add or restore character to their homes with its unique, unrivalled, aesthetics and sympathetic symmetrical design giving a property perfect balance and harmony.

SECURITY

There's no compromise when it comes to security even down to the useful night vent locking position. The bespoke locking keep achieves the British Standard PAS24 and all our windows and doors are manufactured to Secured by Design standards, helping protect your property for complete peace of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multi point locking systems. To provide enhanced resistance to forced entry, all our windows and doors are fitted with hinge protectors at the back of the sash. We've also incorporated the latest anti-bump, anti-snap key locking cylinder technology all fitted as standard.

PERFORMANCE

To keep the wind and rain out we use our patented, tried and tested Deceuninck high performance multifunctional weather seals. The airtight seal will ensure your home is always maintained meaning no loss of comfort inside the home. Our new dual seal is exceptionally water tight, with the added benefit of concealing hardware on the Flush Sash windows. An integral drainage slope encourages water to drain away quickly and easily.

CONSERVATION

Our Heritage Flush and Storm Sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved. We have designed the Heritage Window Collection with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning/conservation officer before proceeding with an installation.

HERITAGE WINDOW COLLECTION

FLUSH SASH WINDOW

Designed to replicate the appearance of timber, flush sash windows are distinguished by sashes that close into the frame and finish flush with the face of the window. When open the flush sash opens outwards. Flush Sash windows have the added benefit of allowing all the window frames to be the same size (equal sightlines), improving the appearance of your property.

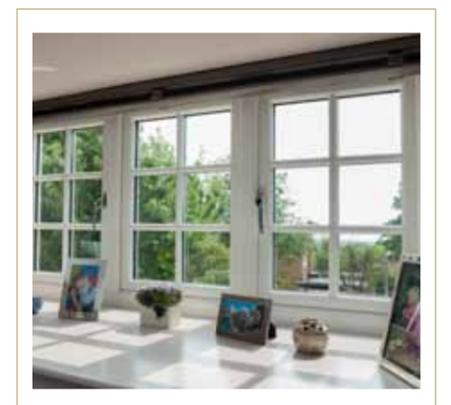

HERITAGE WINDOW COLLECTION

STORM SASH WINDOW

Storm sash windows feature outward opening sashes, which stand proud of the face of the window frame and are the more typical style used in homes you see today. Storm Sash windows have the added benefit of allowing all the window frames to be the same size (equal sightlines), improving the appearance of your property.

HERITAGE

Energy Ratings & Weather Performance

Weather Performance

Internally we've adopted our tried and tested high performance multifunctional weatherseal. With a continuous seal welded at the corners, our airtight seal will keep you warm and snug throughout the coldest winters. Externally a new dual seal combination maximises water tightness and conceals hardware. An integral drainage slope encourages water to drain away quickly and easily.

Security

Whilst security is paramount; your comfort is important too, and with this in mind we have integrated a night locking position allowing airflow in the summer months with no loss of security.

The Deceuninck flush sash had the homeowner in mind during its design, so unlike others there's no compromise when it comes to things like having a night vent locking position. The bespoke locking keep gives this window range unrivalled security with PAS24 rating for extra peace of mind.

Insulation

With its large contact surface area, the Heritage 2800 seal provides superb thermal insulation and soundproofing too. The insulating properties of flush sash are even more impressive, with a double glazed window U value of just 1.2, it epitomises this market leading product.

Heritage Colour Collection

Our Heritage colour collection has been specially designed to help you put together the perfect colour palette for your home. Every home is different, and our beautiful range of colours takes its inspiration direct from nature to harmonise perfectly with your home and its surroundings, and stay looking good for years.

Our unique range of woodgrain foil colours are available in a number of colourways, ask your installer for details.

- ◆ Beautiful authentic 'wood like' finish
- ◆ Extremely durable
- ◆ 10 year manufacturer's guarantee
- ◆ Each colour has its own matching ancillaries, trims and accessories

Ironmongery

Our range of window and door furniture is available in many finishes as well as our traditional monkeytail and contemporary teardrop handle range to give your new windows a truly unique finish. Please ask your installer for more details.

Teardrop

Beautiful and authentic Tear drop handle available in Antique Black, Hardex Chrome, Hardex Gold and Hardex Graphite.

Monkey Tail

High quality Monkey Tail handle available in Antique Black, Hardex Chrome, Hardex Gold and Hardex Graphite.

Connoisseur handle available in Hardex Black, Silver, Chrome and Gold

Aficionado handle available in Antique Black, Black and White.

Traditional Peg Stays

We offer 2 options for the traditional peg stay. Available in Antique Black, Hardex Chrome, Hardex Gold and Hardex Graphite.

HOW WE WORK

We take great pride in giving our customers the best products and service possible. We have a reputation for quality, service and value for money and we are sure that you will be delighted with choosing us.

Deceuninck Registered Installers

The Heritage Window Collection is only available through our registered installers. They will be able to advise you on the choice of designs and accessories which will meet your requirements. Looking at colour samples will help you finalise your colour choice, and whether you are opting for a smooth or woodgrain finish. Also think about whether you would like the inside of your windows to be the same colour as the outside or whether to opt for white or oak inside to blend in with your internal decor.

Processing your order

Your Deceuninck registered installer will keep in touch with you and let you know as soon as possible when your installation date will be. Between survey and installation* you can sit back and relax whilst your bespoke windows are manufactured and quality tested to ensure they meet our rigorous standards.

* You should always obtain consent from a planning/conservation officer before proceeding with an installation.

On-site survey

Your Deceuninck registered installer will arrange a site survey at a mutually convenient time. This will allow for precise measurements to be taken as well as allowing you to confirm your choice of style and design to ensure that your bespoke windows are made to your satisfaction. Please take the time to ask any questions at this point and to make sure you are happy with the final design.

Taking care of your home

Our registered Installers are all expert craftsmen who will take care of your home and treat it with respect at all times. Whilst removing existing windows or doors and replacing them with your stunning new ones will cause a certain amount of disruption, our installers will make sure all mess is kept to a minimum and doors, windows and conservatories will be fitted with the utmost skill and care. Packaging and waste will be removed and recycled where possible so you can relax and look forward to enjoying your new windows safe in the knowledge they are protected with a 10 year guarantee.
